

# FENTANYL OVERDOSE SIGNS AND SYMPTOMS

Call 911 if one or more signs are present.

**SLOW OR NO BREATHING**

**BLUE LIPS AND NAILS**

**NO MOVEMENT (CANNOT WAKE THEM)**

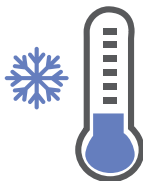

**CHOKING OR THROWING UP**

**GURLING OR SNORING SOUNDS**

**PUPILS ARE TINY**

**COLD AND CLAMMY SKIN**

**SEIZURE**

**Don't use fentanyl when alone—it is much more toxic than other opioids. Small amounts can result in overdose.**
