

Onyx Industrial is looking for two experienced EMR's that are local to Grande Prairie, as well as registered and in good standing with Alberta College of Paramedics for work to start immediately. Rotation are normally two weeks in the field and two weeks off, however rotation can have some flexibility. Shifts are normally 12 hours long. Must come to Leduc for orientation, to receive your PPE and to pick up truck and equipment. However, the drive from Leduc back to Grande Prairie will be paid drive time wage.

Must have the following:

- Active ACoP Registration
- Valid H2S Alive certificate (8 hour in class course)
- Valid PCST certificate (Pipeline Construction Safety Training)
- Steel Toe Boots
- May require CSO (Construction Safety Orientation)
- Preferably local to Grande Prairie so you can be home every night or area
- Military background an asset
